

# Ariana

## Siba

Driving down the streets, listening to the radio  
What do I get? Ariana  
Reading the papers and the news they scream  
Haven't you heard? Ariana She rules the business  
She's such a restless genuine juvenile  
Everyone knows, wherever she goes  
She got chique, she got class, she got style Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire  
Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire We're goin' nutz for Ariana  
We're goin' crazy for her  
Everything glows, wherever she goes  
She got sex from her lips to her toes All the Casanovas, even zombies agree  
With the hummingbirds and the beasts from the sea  
Ariana's a real sensation  
When will she be on the  
When will she be on the screen? Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire  
Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire  
Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire G O Ariana go, let's go  
G O go, go Ariana  
G O Ariana go, let's go  
Let's go, let's go Ariana, Ariana Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire, fire  
Ariana maniacs rule the world, haven't you heard?  
Ariana mania sets the scenes on fire
