

See You

Foo Fighters

These notes are marked return to sender
I'll save this letter for myself
I wish you only knew how good it is to see you
See you, see you, ooh, ooh

These steps I take don't get me anywhere
I'm gettin' further from myself
One thins is always true, how good it is to see you
See you, see you, ooh, ooh
I'm done resenting you, you represented me so well
And this I promise you

How could I end up in this hands of someone else?
These notes are marked return to sender
I'll save this letter for myself
I wish you only knew how good it is to see you
See you, see you, ooh, ooh

These steps I take don't get me anywhere
I'm gettin' further from myself
One thins is always true, how good it is to see you
See you, see you, ooh, ooh
