The Legend Of The Black Shawarma

Infected Mushroom

Take one look at yourself, and realize
Life's been treating you nice, better be wise
And enjoy your moments
Take one look at yourself, into your eyes
How you treated your life, it wasn't too wise
Cause its getting closer
(x2)
Cause it's getting closer
Take one look at yourself, and realize
Life's been treating you nice, better be wise

And enjoy your moments
Take one look at yourself, into your eyes
How you treated your life, it wasn't too wise
Cause its getting closer
(x2)
Take one look at yourself, and realize
Life's been treating you nice, better be wise
And enjoy your moments
Take one look at yourself, into your eyes
How you treated your life, it wasn't too wise
Cause its getting closer
