

Put In a Cross

Ted Hawkins

What are you two tryna do?
put me on some kinda cross!
Don't keep on asking me the same questions
Ain't not one of you my boss

Listen I'm grown older than 21
Nobody bossed me before
Just keep on treating me like a child if you wanna
I'll have you both running out the door

What are you two tryna do?
Make me look like a fool!
I demand some kind of respect from ya'll
Ain't not one of your love whos true

Gone gone
I don't want to hear all this
about who I love the best
If ya'll hadn't cornered me off in this corner
We would have never had all this mess

Oh I wish I stayed home
With the one I love sincere and true
But I wasn't satisfied with one people
I tried concentrating on two

Wait in the word of all my friends
Don't be greedy don't be doggish
Don't be disceitfull don't be selfish
Big guy un satisfied and Hollish

It wont last somewhere down the line people
Put on across every time

Gone gone
I don't wanna hear all this
about who I love the best
If ya'll hadn't cornered me off in this corner
