Call Me Anytime

P.y.t.

I see your album in the billboard
Your video's on T R L
We haven't spoken since the springtime
You got my number and your cellI remember all the sweet times
It wasn't very long ago
And now you've gone and hit the big time
I don't wanna let you goI want you
(You)
To talk to
(To)
You know I miss you oh so much
(So much)
I wanna hear your voice
(Wanna hear your voice)
Baby keep in touch
(Call me any)Call me anytime
I've got you on my mind
(My heart is on the line)
My heart is on the line
(Call me, call me)
I want you to be mineCall me anytime
I'm waiting on the line
(I'm waiting on the line)
Hit me one more time
(Baby one more baby one more)
I want you to be mine
(Want you to be mine)I know you've got my number
I'm waiting, call me anytimeI ain't driving with nobody else
It's time we break it down to real
(To real)
Don't wanna put my heart up on the shelf
I don't think I have to tell you how I feel
(To feel)Hope to see you 'round the way soon
Not just in a magazine
Get back to where we left off
And wake me from this dreamI want you
(You)
To talk to
(To)

You know I miss you oh so much
(So much)
I wanna hear your voice
(I wanna hear your voice)
Baby keep in touch
(Call me any)Call me anytime
(Call me anytime)
I've got you on my mind
(My heart is on the line)
My heart is on the line
(Call me, call me)
I want you to be mineCall me anytime
I'm waiting on the line
(I'm waiting on the line)
Hit me one more time
(Baby one more, baby one more)
I want you to be mine
(Want you to be mine)Call me anytime
I'm waiting on the line
I want you to be mine
Call me anytimeCall me anytime
I've got you on my mind
(And I miss you)
My heart is on the line
I want you to be mine
(Want you to be mine)Call me anytime
