

Down Under

Blonde Redhead

Smaller, smaller he's so still
which one is gonna make it make it to the madness
You are right for me protect me from what I want
I'm trying not to repeat myself

Down Under

Down Under

Down Under

Down Under

Smaller, smaller he's so stick
which one is gonna make it make it to the madness
Since I'm far from you I did know, I didn't know
I want to keep myself to myself

Now, I know Now

I know Down Under

Down Under

Down Under

Down Under

Down Under

Down Under
