

# Visions from Beyond the Grave

## Nocturnus

Visions-From-Beyond-The Grave  
Communicate with the dead.After life  
Communicate wit the dead.After Death  
Asking questions, through my crystal ball  
Now we'll see,what lies,from beyond  
The dead will arise  
When i invoke  
Communicate with the dead.After life  
Communicate wit the dead.After Death  
Asking questions, through my crystal ball  
Now we'll see,what lies,from beyond  
The dead will arise  
When i invoke  
Them through  
My crystal ball  
Follow me so you can see visions from beyond the grave  
Now become nocturnal slaves  
{Repeat 1 Time}
