

Movin' Around

[Vengaboys](#)

If the beat's gonna make you move If the beat's gonna make you move If the beat's gonna make you move

You start to groove

Now put your hands in the air

Feel the bass go down

Love is all about movin' all around If the beat's gonna make you move

You start to groove

Now put your hands in the air

Feel the bass go down

Love is all about movin' all around
