

Two More Years (Single Version)

Bloc Party

In two more years, my sweetheart, we will see another view
Such longing for the past for such completion
What was once golden has now turned a shade of gray
I've become crueler in your presence They say, "Be brave, there's a right way and a wrong way"
This pain won't last forever, this pain won't last forever Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on You've cried enough this lifetime, my beloved polar bear
Tears to fill a sea to drown a beacon
To start anew all over, remove those scars from your arms
To start anew all over more enlightened I know, my love, this is not the only story you can tell
This pain won't last forever, this pain won't last forever Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on You don't need to find answers
For questions never asked of you
You don't need to find answers You don't need to find answers
For questions never asked of you
You don't need to find answers Dead weights, balloons, drag me to you
Dead weights, balloons, to sleep in your arms I've become crueler since I met you
I've become rougher, this world is killing me And we cover our lies with handshakes and smiles
And we try to remember our alibis
We tell lies to our parents, we hide in their rooms
We bury our secrets in the garden Of course, we could never make this love last
I said, of course, we could never make this love last
The only love we know is love for ourselves
We bury our secrets in the garden
