

# Rock N Roll Queen

## Skarlett Riot

She tase to the spot light, to the stage  
you can tell she craves in the final look on her face  
everyone can't help but stand away  
she's diva and a rock n roll until some followers see  
you gonna watch ur lip  
better watch u through  
bet she steals the show  
and you get to know  
she's a rock n roll queen Oh yeah...  
She will drag u in and give you weaken knee She will get u down and make u weak at the knees  
Rock n roll queen  
oh yeah...  
She will drag u in, and give u weaken knee (not sure)  
She will pin u down and make u weak at the knees  
Make u weak at the knees  
Swarm (not sure) drippen (not sure) down ur spine  
that make u lose control  
as u take a deep breathe  
she takes the lead screaming to the soul  
As it makes u bleed  
Hear the sound  
feel the thunder  
she's electric  
she has got it all  
she's a rock n roll queen  
oh yeah  
She will drag u in, and give u weaken knee  
She will pin u down and make u weak at the knees  
rock n roll queen  
oh yeah  
She will drag u in, and give u weaken knee  
She will pin u down and make u weak at the knees  
Rock n roll queen  
Rock n roll queen  
Rock n roll queen  
yeah  
Rock n roll queen  
she's a rock n queen  
oh yeah

She will drag u in, and give u weaken knee  
She will pin u down and make u weak at the knees  
oh yeah

She will drag u in, and give u weaken knee  
She will pin u down and make u weak at the knees
