Tasted Every Tear

Scars on 45

Whatever you want
Whatever you needed
Whatever you feel
I'll bring it all back aroundI promise you this
I promise I'm bleeding
Take it easy on me now
Take it easy on me nowI only wish for you to stay
Say you'll never walk away at allKiss me, oh, kiss me
Under the covers
Hide from the world now
For we feel like no others
And I'm sorry so sorry
That I put you through all this
I only hope now that you see
That I tasted every tear on your lips
That I tasted every tear on your lipsAsk me no questions
I can give you no answers
I'm turning the tables
You've had too many chancesI promise you one thing
I'd never walk away with hopes to watch you fall
Because falling fills my memoryI only wish for you to stay
Say we'll never walk away at allKiss me, oh, kiss me
Under the covers
Hide from the world now
For we feel like no others
And I'm sorry so sorry
That I put you through all this
I only hope now that you see
That I tasted every tear on your lips
That I tasted every tear on your lipsDon't walk away and watch me fall
They'll turn away and watch us both fall down
I won't walk away and watch you fallKiss me, oh, kiss me
Under the covers
Hide from the world now
For we feel like no others
And I'm sorry so sorry
That I put you through all this
I only hope now that you see
That I tasted every tear on your lips

That I tasted every tear on your lips
That I tasted every tear on your lips
That I tasted every tear on your lips
