

You got it girl, you got it girl
But you know I can't stay right? Nah babe
All I want is you so what you tryna do? Pop a couple bands with a nigga like me
Loving ain't the same with a nigga like me
You use to them but ain't no loving me
I hear what you would say and girl it's clear to see
You should just drink a couple drinks with a nigga like me
You probably go insane with a nigga like me
Let's just party till we can't, ain't no loving me
And I'm the one to blame, ain't no loving me
So don't come looking for love No love

No love
No love
No love
No love
No love
No love
No love
No love
No love

Don't come looking for love

No love
No love
No love
No love
No love
No love
No love
No love

No love Until the morning we can freak but baby girl you gotta know, know, know
We can rumble in these sheets but after this you gotta go, go, go

Don't take it personal

When it feel so good we cannot get emotional
But that is when you find out that it hurts the most
Since then I've been like trust nobody, show no love Pop a couple bands with a nigga like me
Loving ain't the same with a nigga like me
You use to them but ain't no loving me
I hear what you would say and girl it's clear to see
You should just drink a couple drinks with a nigga like me
You probably go insane with a nigga like me
Let's just party till we can't, ain't no loving me
And I'm the one to blame, ain't no loving me
So don't come looking for love
