

A-Team

Travis Scott

[Hook]

A-Team, A-Team

Please don't try to play us

A-Team, aw, A-Team

Please don't try to play us

A-Team, aw, A-Team[Verse 1]

Call my B up, call Sherita

Let's link up, ain't no days off

'Less I'm paid off, these niggas play soft

We just play ball

A-Team, won't you sign up

Join my roster, you a scholar

A-Team, know you ready

My right hand steady, coach you if you let me

A-Team, got that A1

A1 steak sauce, aw can't take loss

A-Team, join my FIFA

Roll my weed up, keep my D up

Aw, A-Team[Break]

Ooh, ooh, ooh, ooh, ooh

A-[Verse 2]

When I back off the curb

In back of the back the Batmobile heard

I'm back on alert

I'm back what's the word

I'm back what's the word

I'm back in the third

They back on my mind, they back on my nerves

Can't take back the time so I'm back, back, back spending

I'm back on the splurge, I'm back on the splurge

They jump when I jump out then jump in and swerve swerve (Yeah, yeah)

It's halftime gon' show that

(Yeah, yeah, yeah, yeah)

I'm a dog you know that

Can't be from New Jersey how you throw back
