

# Clap Like Ozzy

## Suicidal Tendencies

Clap like OZZY (3x's)  
Slam like a beast!  
Clap like OZZY (3x's) Battle off the masses confusion,  
Strength and belief are not an illusion  
Embrace their laughter, to power on  
Forget their faces, they'll soon gone  
Wreck the walls that hold you back,  
Born again maniac! It's your journey, you'll laugh and cry  
But live life with purpose, and you'll ride that rush Clap like OZZY (3x's)  
Slam like a beast!  
Clap like OZZY (3x's) Sucking on the kiss of death, funny how they think they're blessed  
No horoscope or destiny, can justify this agony  
Silhouettes of lost potential, when everyday is not essential  
procrastinate the long good bye,  
Live to live, not live to die Chorus:  
Death is knocking, don't answer the door  
There's never a good time, we need so much more  
Can't pick the moment, no time will ever be right  
But while we're breathing, we'll give it a hell of a fight Now take a second...catch your breath  
Now think about what you wanna do  
Don't let anyone stop you!  
Now take a second  
Catch your breath... Do that thing you do! Do that thing you do! Do that thing you do!  
Do that thing you do! Do that thing you do!  
Do that thing you do! Clap like OZZY (3x's)  
Slam like a beast!  
Clap like OZZY (3x's)  
Slam like a beast  
Clap like OZZY! (3x's)  
Slam like a beast!
