

Trick Me (Remix) ft. Elephant Man & Kevin Lyttle

Kelis

Wooo
This is it yeah
Wooo Said I've paid all my dues for what I've done
And I showed you that I love you more than once
There's nothing left there to decide
Said you might trick me once
I won't let you trick me twice
Freedom to us has always been a trick
Freedom to you has always been who ever landed on your dick
Seen it in your one to many times
Said you might trick me once
I won't let you trick me twice no Might trick me once
I won't let you trick me twice
Might trick me once
I won't let you trick me twice no
Might trick me once
I won't let you trick me twice
No I won't let you trick me twice Those days are old and overdone
And it's only cause I'm not with you that makes me number one
Though I may love you
I hurts me deep inside oh
Now you no longer have to hide I used to be down with the late night hit
Started gettin' heavy when I really wasn't ready
Used my class to get in my mind
So I fell for your lies like all the time
I thought you were the shit to be playin' around
Call the police there's a mad girl in town
Couldn't get even here without a sound
It's not how I want to get down yeah you Might trick me once
I won't let you trick me twice
Might trick me once
I won't let you trick me twice no
Might trick me once
I won't let you trick me twice
No I won't let you trick me twice
No I won't let you trick me twice And I've paid all my dues for what I've done
And I showed you that I love you more than once
There's nothing left there to decide
Ooh trick me I won't let your trick me twice

You might trick me once
No I won't let me trick you twice no
You might trick me once
No I won't let me trick you twice

Woooo
