

Taste

Phish

I'm up and I can take what you give
And I'm here but I want you to live with me
'Cause all I want is a taste for free I'm down and I will drag you along and around
Until you burst into song and unwind
And leave your new life behind for a while 'Cause I can't see through the lights
I can't see through the lights I'm down and I will drag you along and around
Until you burst into song and unwind
And leave your new life behind for a while I'm out and I will stay here alone and without
Someone controlled by the phone and TV
'Cause what it's doing to me is fine 'Cause I can't see through the lights
I can't see through the lights Step into space, alter my place
That someone else made
Why I have stayed into things I could be
Or if I could see into fog that surrounds
And pins me to the ground I can't see through the lights
I can't see through the lights I can't see through the lights
I can't see through the lights
