Methadone

Sedansored

Deny, quiet manners in your fake lies
deny, she is another way to get high
deny, this dose will fix this drama
deny, that the silence make your faith die
deny, quiet manners in your fake lies
deny, she is another way to get high
deny, this dose will fix this drama
deny, that the silence make your faith die
hey, she is poison, she is just bad blood
cut. cut his cancer, eat your hands
methadone! the dose to fix this drama
and man.
cut his cancer, eat your hands
(Ahhhhw Look at!)
methadone! the dose to fix this drama
methadone! the dose to fix this drama
methadone!
methadone!
methadone!

(Heeeeey)

You gonna die
you gonna die
you gonna die
you gonna die
