Come Alive

Colour The Atlas

I don't mind if it rains for a century
I don't mind the rain
I don't mind if you're here laying next to me
I don't mind the pain
So put it on me, put it on me, ah, ah
Put it on me, I want your love
Put it on me
Come alive, see it when I come alive
See it when I come alive
I revive, see it when I come alive
See it when I come alive
Fire runs through my veins at the speed of light
Fire through my veins
(I want your love, I want your love)
A thousand suns lead the way to an endless night
I can't ease the pain
(I want your love, I want your love)
Come alive, see it when I come alive

See it when I come alive
I revive, see it when I come alive
See it when I come alive
See it when I come alive
See it when I come alive
See it when I come alive
I don't mind if it rains for a century
I don't mind the rain
So put it on me, put it on me, ah, ah
Put it on me, I want your love
Put it on me
Come alive, see it when I come alive
See it when I come alive
I revive, see it when I come alive
See it when I come alive
See it when I come alive
See it when I come alive
See it when I come alive
