

# I Don't Wanna Live Here Anymore

## Grandaddy

I just moved here  
And I don't wanna live here anymore  
I just moved here  
And I don't wanna live here anymore  
No I can't exactly saying  
I'm really getting just a feeling Everything is outta place  
Now I'm having trouble dealing I just moved here  
And I don't wanna live here anymore  
I just moved here  
And I don't wanna live here anymore Countless lovers everywhere  
I'll never know what's gonna happen  
They see me coming from a mile  
All the while they were bluffing  
I just moved here  
I just moved here  
I just, yeah I just moved here  
And I don't wanna live here anymore  
I don't wanna live here anymore  
No, I don't wanna live here anymore  
I don't wanna live here anymore
