Beautiful

Bazzi

Hey
Beautiful beautiful beautiful beautiful angel
Love your imperfections every angle
Tomorrow comes and goes before you know, so I just had to let you know
The way that Gucci look on you, amazing
But nothing can compare to when you're naked
Now a backwood and some henny got you faded
Saying you the one for me I need to face itStarted when we were younger
Swear to god that I loved her
Sorry that your mum found out
Guessing we just really had the thunder
Aint nobody else that I'd be under
Beautiful beautiful life right now
Beautiful beautiful night right now
No no nonoooooo
Hey
Beautiful beautiful beautiful beautiful angel
Love your imperfections every angle
Tomorrow comes and goes before you know, so I just had to let you know
The way that dress fall off you is amazing
Loving me will color a beautiful creation
Baby come a little closer let me taste it
You came a little closer now you're shakingNever ever gone mislead you, don't believe the lies they feed you
Stop and stare like a sculpture
Painted in your colors
Beautiful beautiful life right now
Beautiful beautiful night right now
Beautiful beautiful by my side right now
Hey
Beautiful beautiful beautiful beautiful angel
Love your imperfections every angle
Tomorrow comes and goes before you know, so I just had to let you know
The way that Gucci look on you amazing
(yeah)
But nothing can compare to when you're naked
Tomorrow comes and go before you know
so I just had to let you know
I just had to let you knowSwear to god you're beautiful (yeah)
