

# Two Worlds Collide

[Demi Lovato](#)

She was given the world  
So much that she couldn't see  
And she needed someone  
To show her who she could be And she tried to survive  
Wearing her heart on her sleeve  
But I needed you to believe You had your dreams, I had mine  
You had your fears, I was fine  
You showed me what I couldn't find  
When two different worlds collide  
La de-da de-da! She was scared of it all  
Watching from far away  
And she was given a role  
Never knew just when to play And she tried to survive  
Living her life on her own  
Always afraid of the throne  
But you've given me strength to find home! You had your dreams, I had mine  
You had your fears, I was fine  
It showed me what I couldn't find  
When two different worlds collide She was scared, unprepared  
Lost in the dark, falling apart  
I can survive with you by my side  
We're gonna be alright  
(We're gonna be alright)  
This is what happens when two worlds collide You had your dreams, I had mine  
You had your fears, I was fine  
It showed me what I couldn't find  
When two different worlds collide  
La de-da de-da! You had your dreams, I had mine  
(You had your dreams, I had mine)  
You had your fears, I was fine  
It showed me what I couldn't find  
When two different worlds collide  
When two different worlds collide
