

Time Mark

Evison Matafale

(Chorus)

Time Mark New York
Time Mark new world
Time Mark New York
Time Mark the whole world

Verse: 1

Because it's everybody's concern
Just by the name of the building
World Trade Centre Moreover who will tell me
Which nation on earth
Hasn't her people in America?

Now get Rasta word
Despise it but hey!
Divine piece of advice

And Jah the wise say
This be a big warning
First regard to the terrorist
You have been used By almighty as a whip To punish people in the land

But never shall a whip
But the one who will use it
To overthrow the ruler

(Chorus)

Time Mark New York
Time Mark new world
Time Mark New York
Time Mark the whole world

Verse 2:

We say it's everybody's concern
Just by the name of building
World Trade Centre
Moreover who will tell me
Which nation on earth

Hasn't her people in America

Now get rasta word
Despise it but hey
Divine piece of advice

And Jah the wise say
This is a crucial warning
Final regard to the terrorist
America you are a pillar
That symbolize development
In the world

But this mysterious war
Was dreamt already
By king Nebuchadnezzar

So I am Rasta Daniel
And I am only here To finish up the revelation
The rule of today
Made of iron and clay
This kingdom is never to last

(Chorus)

Time Mark New York
Time Mark new world
Time Mark New York
Time Mark the whole world

Because it's everybody's concern
Just by the name of building
World Trade Centre
Moreover who will tell me
Which nation on earth
Hasn't her people in America

(Chorus)

Time Mark New York
Time Mark new world
Time Mark New York
Time Mark the whole world
