

War Is Coming

Six Feet Under

Prepare yourself for the worst, it's coming soon
I believe in those foretold prophecies of doom
They say the end is close, it's coming fast
Not every single one of us is gonna last So, stand and fight or kill yourself right now
It'll be one less motherfucker to kill
Skin shot, burned, stabbed, scorched and torn
This pain is real, you can't ignore War is coming
War is coming
War is coming
War is coming Arm yourself with the right to kill at will
Shoot to kill, it's them or you
Time to choose, time to choose or die
Blood's pouring from the hole in your side Take the pain, it'll focus and strengthen you
Take the pain or your life's fuckin' through
Face the pain, let it become part of you
Take the pain War is coming
War is coming
War is coming
War is coming War
War
A motherfuckin' war Prepare yourself for the worst, it's coming soon
I believe in those foretold prophecies of doom
They say the end is close, it's coming fast
Not every single one of us is gonna last So, stand and fight or kill yourself right now
It'll be one less motherfucker to kill
Skin shot, burned, stabbed, scorched and torn
This pain is real, you can't ignore War is coming
War is coming
War is coming
War is coming War is coming
War is coming
War is coming
War is coming War
War
War
War
