C'mon bucko take my hand  
We can dance all night,  
'Til the morning comes  
I caught yer gazin',  
With a grin on my face,  
--and you know  
What I really wanna do,  
Is two-step with you

I'll cut you a stairwell into the hill  
You can haul water up  
From the river in silver pails  
And under the purdy blue sky,  
I'll build you a home  
'Cause you can squeeze my heart  
That's been turned to stone

You can fix the truck  
That's been broke for years  
So sometimes  
We can get outta here  
I'll bake you a cake,  
I'll open my gate  
I give some to you,  
If you give me some too

I don't know why,  
I don't know how  
I've always been  
A bit of walk alone gal

But when I see you  
One and two-in' cowboy  
I want you to show me  
The way you move  
--I wanna move  
Right along with you
