

We Damn The Night

Halloween

Blood in my pillow
Blood in my skin
Am I going mad
Or was this a dream?
There in the depth
The hollow souls wait
Voices surround me
Tempting my fate
Then out of nowhere
Figures in white
Guarding my soul in the fight We are strong we re'alive
We have faith in his might
We believe in the everlasting light
Anytime, anywhere we will always be there
We will fight for what's just and what's right
We damn the night Out in the blackness
Shivering cold
Doubt takes on shape
Fear the unknown
Eyes of the fallen
Piercing their glance
Whispers of doom
Left without chance
Then out of nowhere
Figures in white
Shield my soul in the fight We're strong, we're alive
We have faith in his might
We believe in the everlasting light
Anytime, anywhere we will always be there
We will fight for what's just and what's right
We damn the night
