

Skeptics And True Believers

The Academy Is...

Don't be so scared we will not lead
You on like you've been doing for weeks
You're selfish and I'm sorry
When I'm gone you'll be going nowhere fast
Nowhere fast, nowhere fast
Would you believe me if I said I didn't need you?
'Cause I wouldn't believe you if you said the same to me
And near death, last breath and barely hanging on
Would you believe me if I said I didn't need you?
Don't be so scared to take a second for reflection
To take a leave of absence, see what you're made of
So I'm selfish and you're sorry
When I'm gone, you'll be going nowhere fast
So who's selfish and who's sorry?
Would you believe me if I said I didn't need you?
'Cause I wouldn't believe you if you said the same to me
And near death, last breath and barely hanging on
Would you believe me if I said I didn't need you?
Someone somewhere said somethings
That may have sparked some sympathy

But don't believe
Don't believe a word you heard about me
Don't be so scared, it's harder for me
Don't be so scared
Don't be so scared, it's harder for me
Don't be so scared, it's harder for me
Don't be so scared
Would you believe me if I said I didn't need you?
'Cause I wouldn't believe you if you said the same to me
And near death, last breath and barely hanging on
Would you believe me if I said I didn't need you?
Someone somewhere said somethings
That may have sparked some sympathy
But don't believe
Don't believe a word you heard
Would you believe me if I said I didn't need you?
'Cause I wouldn't believe you, wouldn't believe you now
Would you believe me if I said I didn't need you?

'Cause I wouldn't believe you, wouldn't believe you now
