Dream Girl

Jacquees

(You're my dream)
Baby, I'm your dream girl
My spell, your toy, I'm your dream girl
The way I walk, the way I look
Baby, I'm your dream girl
When I'm dreaming I'm alone with you
Lying in my lonely bed
Oh, the times you held me in your arms
And all our fantasies we shared
No one's touch my body like you do
Not in that special way
'Cause I've found your love
And it feels so right so don't let me go
Baby, I'm your dream girl
I'm like your world, I'm your dream girl
Believe me, baby, it's true
I wanna be with you
The way I walk, the way I look
Hands all over me
Baby, I'm your dream girl
I'm like your world, I'm your dream girl
Believe me baby it's true
I wanna be with you
The way I walk, the way I look
Hands all over me
Baby, I'm your dream girl
When you hold me in your arms
You made me feel so safe
Everyone told me to walk away
But don't you say why I stay
No one's touch my body like you do
Not in that special way
'Cause I've found your love
And it feels so right so don't let me go
I'm like your world, I'm your dream girl
Believe me baby it's true
I wanna be with you
The way I walk, the way I look
Hands all over me

Baby, I'm your dream girl
I'm like your world, I'm your dream girl
Believe me baby it's true
I wanna be with you
The way I walk, the way I look
Hands all over me
Baby, I'm your dream girl
Baby, I'm your dream girl
Baby, I'm your dream girl
My spell, your toy, I'm your dream girl
Baby, I'm your dream girl
(You're my dream)
