

# Ballad Of Robert

## Jandek

Robert Robert Robert  
Down at the halfway house house  
Robert down at the halfway house  
He's livin' at the halfway house  
The halfway house  
You know the halfway house  
It's got a?  
They put a cross on your back and you get real mean  
Down at the halfway house  
Robert (ha ha) at the halfway house  
He's got a cross on your back  
He's got roller skates and the're hitched up to his feet  
He goes right down the street on the roller skates  
They're from the halfway house  
Ya' know this man Robert  
He's no man he ain't no mouse  
He's from the halfway house  
Tell him he's from the halfway house  
Now the doctor says good morning  
And Robert looked up 'n he had blisters on his fingers  
And the doctor said "Robert, Robert" he said "Robert"  
"You are not the halfway house, the halfway house"  
He's Robert from the halfway house
