

# Move/Stay

## Civil Twilight

One by one,  
The colors drip from the sun  
And there he lies,  
Looking through the window above  
To get high, to get high On and on,  
The trees grow high,  
The years roll by  
And he counts everyone  
To feel like a part of life,  
To feel high Move, move,  
Before it's too late  
Move, move,  
Before they close the gate  
Everything's got a reason,  
Everyone's got a place  
You gotta move  
If you want to stay If only I could work  
My way out into light  
'Start over new  
In a forest of dark night If only I could work  
My way out into light  
'Start over new  
In a forest of dark night If only I could work  
My way out into light  
'Start over new  
In a forest of dark night If only I could work  
My way out into light  
'Start over new  
In a forest of dark night If only I could work  
My way out into light  
'Start over new  
In a forest of dark night Move, move,  
Before it's too late  
Move, move,  
Before they close the gate  
Everything's got a reason,  
Everyone's got a place  
You gotta move  
If you want to stay You've got to move

If you want to stay  
Stay, stay, stay, stay, stay
