

Strike It Rich

Jim Reeves

I'm going to strike it rich
I'm going to get my lucky break
And play a game of give and take
I'm going to strike it rich. I'm gonna make a pile of money
To spend on my honey
I feel so good it's kind of funny
I've got that lucky itch. I'm going to strike it rich.
I'll get a good new cablegram
And live as care free as the king of Siam
I'm much too lucky to get stranded
I'm going to win out single handed
I'm going to strike it rich, so very rich I am.
We're going to strike it rich
We're going to get our lucky break
And play a game of give and take
We're going to strike it rich. We're gonna make a pile of money
Life sweeter than honey
We feel so good it's kind of funny
We've got that lucky itch.
We're going to strike it rich.
We'll get a good new cablegram
And live as care free as the king of Siam
Today the sun is shining brighter
Today our hearts are feeling lighter
We're going to strike it rich, oh yes, so very rich. We're going to hit the road and strike it rich...
