

# Angels Of Mercy

## Badlees

(Alexander/Badlees)(Chorus)

There must be angels of mercy

Lookin' down on me

'Cause when I look up to the sky

I swear I see

Angels of mercy lookin' down on me Well, I know what I know

And you know what you know too

And I know that you know

Exactly what I think of you

And if I were you and you were me

I wouldn't blame you for not liking me

Even though we aren't enemies(Chorus)Time can have a way of changin'

Everything you think is right

And time can have a way of takin'

Everything you hold too tight

So you search for explanations

And you find some now and then

While the angels

They're gettin' impatient

With your experiments(Chorus)I believe there's a power of healing

That comes with experience

I believe in believing your feelings

Even when they make no sense

But I believe that the way I'm going

I'm gonna end up too soon dead

Well, when asked to give my reasons

This is what I saidI might have used my education

If I gave a shit

I might have spoke for my generation

If I agreed with it

Now some say that I've gone crazy

But I ain't gone nowhere

Some say I'm apathetic man,

But I don't careI admit that I'm a loser

I admit that I am scum

I admit I like cheap beer and women

As much as anyone

I don't worry about the future

Who knows what that will bring

I just wait and see what happens  
And pretend I planned the whole thing  
So let's see what tomorrow brings(Chorus 2x)
