The Lord Still Let Me Know

Billy Fields - The Lord Still Let Me Know

Driving down the road today, I passed this little country church
About the time it caught my eyes, it caused my heart began to hurt
I wasn't much on sunday morning, for getting out to go
But when I passed, that little church, the Lord still let me know

He let me know that I was lost, empty and undone
The life that I was sure that I had, hadn't even begone
He cut my heart into that day, the scar's don't even show
I was so far away from Him, but The Lord Still Let Me Know

I Never will forget that day, I passed that little country church
I found a life so filled with joy, even when life hurt's
Some people even tell me now, I seem to have a glow
I was so lost and deep in sin, but the Lord still let me know

He let me know that I was lost, empty and undone
The life that I was sure that I had, hadn't even begone
He cut my heart into that day, the scar's don't even show
I was so far away from Him, but The Lord Still Let Me Know

I was so far away from Him, but The Lord Still Let Me Know
