

# Porno Shop

## Teen Idols

Johnny has a dream to make the scene  
Where all he has to do is make girls scream  
Unbuckling his belt will surely make them melt  
Turning butter into cream  
For now, he's an unknown who's content to take orders  
Stocking magazines, turning fives into quaters  
Soon he'll make them see that he's got what it takes  
When they get a look at his 14 inch snake  
He's got a job in a porno shop, where he mops up for free  
Oh, it may suck now, but he knows somehow  
He'll see his face on a T.V. screen
