

Cold (Slumberjack Remix)

Alison Wonderland

I'm ready Now it's just me and this Grey Goose
Up in the club I let love loose
I see you walk into the room
We don't speak, cause it's too soon And I knew it when I met you
That you have to have it in you
And I knew it when I met you
You would fuck it up
You would fuck it up Cause I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool
I'm too cool for this, I'm cold, cold, cold
Cold, cold, cold Cold, cold, cold
Cold, cold, cold
Come get your clothes and leave the key
Don't need your insecurity
You're a good guy who makes mistakes
Wish I could tell you my heart aches
But I doubt it And I knew it when I met you
That you have to have it in you
And I knew it when I met you
You would fuck it up
You would fuck it up
Cause I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool
I'm too cool for this, I'm cold, cold, cold
Cold, cold, cold
Cold, cold, cold
Cold, cold, cold
I'm cold, cold, cold
Cold, cold, cold
Cold, cold, cold
Cold, cold, cold Cause I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool
I'm too cool for this, I'm cold, cold, cold
Cold, cold, cold
Cold, cold, cold
Cold, cold, cold Cause I'm too cool for this, I'm too cool for this

I'm too cool for this, I'm too cool for this
I'm too cool for this, I'm too cool
I'm too cool for this, I'm cold, cold, cold
Cold, cold, cold
Cold, cold, cold
Cold, cold, coldCold, cold, cold
Cold, cold, cold
