What Goes Around

Chunk! No, Captain Chunk!

I'm feeling helpless, on days just like this
I'm at the end of my rope but I can't climb to it
But then it hits me and everything changed
I can't let the darkness take over me

We all have pain we can't erase
It's how we deal with it
Well it doesn't mean we can't move on
And start to live again

What goes around, comes around
And what goes up must come down
I know that every beginning has to come to an end
Let's make the most of the time we spent
What goes around, comes around
Let's make it count

I know I can't change the past
But I can write my future
Iâ€™ve seen the worst out of the ones I looked up to

You can't just lay in your bed
And wait for things to change
You gotta get it together before it's too late
Before it's too late
