

Young Lust

Aerosmith

Young lust, happy just to be in lust
Never have to eat no dust
Everybody's talkin' 'bout
Young lust, you're dying and you're screamin' inside
Oh, you're guilty way before you've been tried
And it's crazy but you're diggin' it
Ooohh
Young lust, you feel it in the summertime blues
Oh, it's easy when there's nothing to lose
An' baby, you be missin' out
Young lust, sometimes you need it so bad
It's enough to drive a young girl mad
And so what you gonna do about it
Yeah, yeah, a little bit of nasty
Ya look a little sleazy
But don't get any on you
Young lust, better keep your daughter inside
Or she's gonna get a dose of my pride
Ya, everybody's talks about it
Young lust, once you had it you can never go back
Don't ya ever let 'em give you no slack
When you're streaking down the alley way
Yeah, yeah, checkin' out the ladies
Who love to get in trouble
I got to say, I'll se you later
Meet me in the elevator
Always gettin' stronger
Never gettin' weaker
My love is gettin' longer
I'll keep it in my sneaker
Never keep a secret
Never feelin' guilty
Oh, never gettin' lonely
Never gettin' no peace
Hidin' from the police
Sneakin' out the back way
Sneakin' down the alley way
Gotta do it my way
Yeah, yeah, yeah, yeah

Do it in the sunshine
Hangin' from the clothes line
Find another tree to climb
Young lust, there's no time for lovin'
Young lust, uh, don't need on in the oven
Young lust, I'm a pushin' and a shovin' it
Yeah
Young lust, c'mon now I just can't wait
Are ya fishin' or you gonna cut bait
Everybody's doin' it
Yeah
Young lust, honey now ain't it a bitch
Sometimes you gotta scratch that itch
So watcha gonna do about it
Yeah, yeah, yeah, yeah.....
