

Disaffected

Piano Magic

Anything can happen in life
Especially nothing, mainly nothing
Once you know that, you're fine
Once you know that, you can retire
Set your clock by your heart
Work's overrated and it will kill you
Finish nothing you start
And start nothing you think you'll continue I'm disaffected now
I'm disaffected now
And to this model i've kept
I surface at 3 in the clothes that i slept in
And though i'm drowning in debt
I'm richer through all the things i'm rejecting
And in a rare, certain light
I have a strange charm, i think you'd like me
And the rain brings me out
The rain makes me happy
I'm disaffected now
I'm disaffected now Set your clock by your heart
Work's overrated and it will kill you
