

Shoulda Woulda Coulda (Philly Version)

[Beverley Knight](#)

People say that together we were both sides of the same coin
That we would shine like venus in a clear night sky
We thought our love could overcome the circumstances
But my ambition wouldn't allow for compromise I could see in the distance all the dreams that were clear to me
Every choice that I had to make left you on your own
Somehow the road we started down had split asunder
Too late to realise how far apart we'd grown.
How I wish i, wish I'd done a little bit more Now shoulda woulda coulda, means I'm out of time
'Cause shoulda woulda coulda, can't change your mind
And I wonder, wonder, wonder what I'm gonna do
Shoulda woulda coulda are the last words of a fool People ask how it feels to live the kind of life others dream
about
I tell them everybody gotta face their highs and their lows
And in my life there's a love I put aside, cause I was busy loving something else
So for every little thing you hold on to, you've got to let something else go
