No Barrier Fun

Liars

underground i've heard the footsteps of a girl
those sounds were close to paradise
I tied up my ears and I bought us some shades (shapes?)
take a trip upstairs for the footstep girlI want to make it up
I want to make my skin adapt to the sun
no barrier fununderground i've heard the footsteps of a girl
those sounds were close to paradise
I tied up my ears and i bought us some shades (shapes?)
take a trip upstairs for the footstep girlI want to make it up
I want to make my skin adapt to sun
no barrier fun
