

# No Barrier Fun

## Liars

underground i've heard the footsteps of a girl  
those sounds were close to paradise  
I tied up my ears and I bought us some shades (shapes?)  
take a trip upstairs for the footstep girl I want to make it up  
I want to make my skin adapt to the sun  
no barrier fun underground i've heard the footsteps of a girl  
those sounds were close to paradise  
I tied up my ears and i bought us some shades (shapes?)  
take a trip upstairs for the footstep girl I want to make it up  
I want to make my skin adapt to sun  
no barrier fun
