

# It's Over

## Jesse McCartney

Weve run out of words, weve run out of time  
Weve run out of reasons, really why we together?  
We both know its over, baby, bottom line  
Its best we dont even talk at allDont call me, even if I should cross your mind  
Hard enough, I dont need to hear your voice on my messages  
Lets just call it quits, its probably better  
So if Im not returning your calls its 'cause'Cause Im not coming back, Im closing the door  
I used to be tripping over, missing you but Im not anymore  
I got the picture phone baby, your pictures gone  
Couldnt stand to see your smile every time you dialed'Cause its over, girl, you know its over this time  
So when you call Im pressing seven  
Dont wanna hear your messages, messages  
Im tryna erase you from my mind'Cause its over, I swear girl its over this time  
So dont keep calling, leaving messages  
Dont wanna know where you been  
Baby 'cause its overI still wake up every morning, quarter to ten  
Still eat my cereal right at the kitchen table  
I cant even remember how long its been  
No trouble stayin' occupiedOh, ask about you whenever I come around  
I do what I can not to put my business in the streets  
The last thing I need is another episode  
Keep conversations short and sweet because'Cause Im not coming back, Im closing the door  
I used to be tripping over, missing you but Im not any more  
I got the picture phone baby, your pictures gone  
Couldnt stand to see your smile every time you dialed'Cause its over, girl, you know its over this time  
So when you call Im pressing seven  
Dont wanna hear your messages, messages  
Im tryna erase you from my mind'Cause baby, its over, I swear, girl, its over this time  
So dont keep calling, leaving messages  
Dont wanna know where you been  
Baby 'cause its overLook you know that its over when the burning and the yearning  
Inside your heart aint there anymore  
And you know that youre through when she dont do to you  
And move you like the way she moved you beforeAnd you wanna pull her close, but your heart has froze  
You kiss her but her eyes dont close  
Then she goes out of your heart forever  
And it hurts you but you know that its betterGirl, you know its over, girl, you know its over this time  
So when you call Im pressing seven  
Dont wanna hear your messages, messages

It's time to erase you from my mind 'Cause it's over, I swear, girl, it's over this time  
So don't keep calling, leaving messages  
Don't wanna know where you been  
Baby 'cause it's over 'Cause it's over, girl, you know it's over this time  
So when you call I'm pressing seven  
Don't wanna hear your messages, messages  
I'm tryna erase you from my mind 'Cause it's over, I swear, girl, it's over this time  
So don't be calling, leaving messages  
Don't wanna know where you been  
Baby, 'cause it's over
