My Town (2004 Remaster)

Glass Tiger

Bring the wind to carry me over
Lead me home to my town
Tell me when the breeze is blowing
Taking me home, to my town
When I think of you Scotia
There's a love that just bleeds in my heart
In my childhood days we went our
different ways
But you knew that we'd never part
Now I'm all alone and you're calling me home
You knew our love could never die
And through my roving eyes always
Led me astray
Now I'm coming back home Scotia
Don't walk away
so when I think of you Scotia
There's a magic that fills the air
We're the "Downtown boys" making all that noise
Oh! We lived like we just don't care
So we drank our fill for king and country
Yeah! Till the last soldier fell!
Burlington Bertie you're in my heart forever
I want to drown in the stories you tell
You made me all I can ever be
If I should fall you love will
Rescue me
