I smoke weed for breakfast
I drink lean for breakfast
I take mollies, I take xannies, I can't eat no breakfast
Half a pound for breakfast
2 grams of molly breakfast
A pint of lean for breakfast
And I'm cookin' dope for breakfast

Diamond kimi gold, link chain cost a kilo
Getting fronted by amigo, plus I got a hit single
Motherfuck these niggas what the hell they sayin'
Crossed over still stay loyal
Still top on my phantom hood
Can't cook dope but a nigga shoot good
Got your baby mama walking down my hardwood

80 thousand dollars on a young nigga necklace
We ain't hit the club if them hoes ain't naked
Waka flocka flame cut throat and reckless
Niggas throwin' bands when they hear this record
Pocket full of hunned, don't do no debits
Only smoke gas, you smoke unleaded
Brick squad here, lames found the exit
Smoking out the pound my nigga
Why the fuck your front throw your hood my nigga
Diamonds in my mouth, can't do golds my nigga
Shawty be bouncin' back on a leather, keep it real chase cedar
She gonna fuck for some red bottoms and a Givenchy sweater
