

# Ghetto

## East 17

my life's a mess  
full of stress  
save me  
ghetto love thang  
makes my heart swing  
ghetto booty come on  
ghetto love thang  
makes my heart swing  
ghetto booty come on  
from the streets  
a ghetto booty  
she is seen  
around the way  
little cutey  
a body so fine  
got me feeling  
I love it  
I know if you've gave me the time  
we could be together like  
the rhythm and rhyme  
limb and lime  
the body the booby the legs so fine  
you've got me full of vains  
when I'm lookin' at ya  
I'm keepin' it down  
such a strange  
like a booty's nature  
lips are good to suck a thence  
my life a whole is by  
so if I tell ya that I love ya  
maybe just might  
you give it a felling baby  
my god it drives me crazy  
my life's a mess  
full of stress  
save me  
ghetto love thang  
makes my heart swing  
ghetto booty come on
