

Relax Max

Dinah Washington, Quincy Jones, Quincy Jones Orche

(It's Mumbo Time!!)Relax Max, Your nerves are just like jumpin jacks, Max

Your heart is stompin with a crazy sound, hear it pound

Bumpin, bumpin, bumpin, jumpin up and down

Stay cool fool, just take it easy thats the rule fool

The evening hasn't even started yet, so my pet, control yourself, control yourself don't get upset

Don't think I'm cold if I say you're too bold, I've been fooled by that moon up above

I want your kiss just as you want my kiss, but a kiss is no kiss without love!

So.. Relax Max! I hate to stop you in your tracks Max

But first you gotta prove your love to me, when you do, I'll love you, love you, love you like you want me

to!Don't think I'm cold if I say you're too bold, I've been fooled by that moon up above

I want your kiss just as you want my kiss, BUT...

Relax Max! I hate to stop you in your tracks Max

But first you gotta prove your love is true, when you do, I'll love you, love you, love you like you want me

to!Spoken by Nikki:

(Aww! Come on Relax Max! Your nerves are kinda bad there boy! Hold it down boy! Take it easy fool! Come on Relax Max! Relax Yourself!)
