DeliciousYou're so old and we're so young
We're gonna have some fun
'Cause we want to
We don't wanna cause no fuss
You wanna be with us
We don't want toC'mon, c'mon, c'mon
We're not done or down on our knees
(Down on our knees)
C'mon, c'mon, c'mon
It's just begun
We can do what we pleaseDelicious
Running wild in the city late at night
Delicious
Powder pink don't you think we're outa-site
Feels so right!What the hell is here for us
We're getting on that bus
'Cause we got to
No one's over twenty one
So we just can't go wrong
Does that haunt you?C'mon, c'mon, c'mon
We're not done or down on our knees
(Down on our knees)
C'mon, c'mon, c'mon
It's just begun
We can do what we pleaseDelicious
Running wild in the city late at night
Delicious
Powder pink don't you think we're outa-site
Feels so right!Yeah! Yeah!Delicious
Running wild in the city late at night
Delicious
Powder pink don't you think we're outa-site
Feels so right!Feels so right
