

# Chinga Tu Madre

## Ms Krazie

I once thought i loved you cant believe that i did  
then u left went away so i did what i did  
i cant believe it when they told me that they saw you with somebody  
whos the bitch let me at her  
so you called up everybody and you told them what to say  
cuz i asked you for an alliby  
and what chu think im stupid fool  
im not the one thats on your mind  
now look at me why the fuck you tryna hide  
i aint about to waste my time on this worthless homicide  
ima put chu to the side and forget about it all  
but before you go away let me tell you what i saw  
so you look over your shoulder everytime  
that your in town when your out with that hoe  
and your girlfirend isnt around catch u on run the rebound

i've seen you walking wit her  
now i dont noe why u changed for her thats a blur  
ugly ass peice of shit hoodrat what ur dealing with  
but fuck it i dont care im not the one whos hiting it  
but i dont give a fuck about u and if i ever did vale verga my reaction  
i went through hell and bak wit chu  
seperated from reality  
pues i dont think i can remember wut the fuck i saw en ti  
now i dont give a fuck about chu and if i ever did vale verga my reaction  
i went through hell and bak wit chu  
seperated from reality

but now im gone chinga tu madre way no creo en t  
i now your happy with her but thats for a limited time  
then my phone rings up  
and thats u on the line  
telling me que te perdone para ver me tricionado  
que me quieres y me extranllas y que mucho me ase llorado  
guarda te tus pinches quentos

i dont believe you and maybe this time ill be the one to discieve you fucken pero desgraciado vete mucho a la  
chingada

y gracias a ti ahora soy una malandra  
whatch me picking up vatos y dropping them al suelo  
volviendo los adictos a tener y al cemento  
arancando con sus vidas como tu con la milla

yo que tanto te querilla  
y tu que no me merecillas  
but fuck it ya lo echo ya esta eho  
and as im playing vatos  
stab you straight en the peho  
thats right u heard it straight from the mistress of latino rap  
and ima always treat u bad like  
that you fucken bitch ese  
now i dont give a fuck about chu and if i ever did vale verga my reaction  
i went through hell and bak wit chu  
seperated from reality  
pues i dont think i can remember wut the fuck i saw en ti  
now i dont give a fuck about chu  
and if i ever did vale verga my reaction i  
went through hell and bak wit chu  
seperated from reality  
but now im gone chinga tu madre way no creo en ti  
ya no lloro por ti  
algun dia me di quenta que con lagrimas de sangre acavava casi muerta  
ya mis manos mal tratadas  
llenas de sicatrices  
alli fui una estúpida al ver como me fije  
ya vendra ese dia en que llegue ese amo  
r un vato firme peloncito que no me couce dolore  
tengo un vato loco que con migo se covike  
el que este aqui con migo cuando yo lo nececite  
cruisin it on a sunday afternoon wit him  
until death do us apart ima be wit him  
aint no time wasted in between the sheets  
packing clips between my tits  
to close his lips but until that day comes  
ima always be your rider and still down  
for that clear white fog to take me higher  
y ya te dije my love was never your fucken toy  
so if you have something to say close your mouth homeboy  
now i dont give a fuck about u and if i ever did vale verga my reaction  
i went through hell and bak wit chu  
seperated from reality  
pues i dont think i can remember wut the fuck i saw en ti  
now i dont give a fuck about chu and if i ever did vale verga my reaction  
i went through hell and bak wit chu  
seperated from reality  
but now im gone chinga tu madre way no creo en ti
