

Lost in Ya Love

Chris Brown

(Come on) (Can you hear me now?) Yeah
Sweet like honey dew
I love it when you come around, it's just me
And you, girl, and you Her fragrance turns me on
Her skin's so soft, oh
I just wanna hold you (I just wanna hold you)
All night and day (all night and day)
And we got all the time, girl
So come a little closer
'Cause I just wanna hold you (I just wanna hold you)
All night and day (all night and day)
I'm thinking 'bout you all day, all night
I'm holding on tight
Baby I just can't let you go (no) I get lost in ya love (in ya love)
I get wrapped in the words you say
I get lost in the love we make
I even fall hard for the games you play Lost in ya love
I get wrapped in the words you say
I get lost in the love we make
I even fall hard for the games you play Baby, you're the truth
I wanna talk about your loving
I'm so connected to you
I want it all, I need it all from you girl
You're my only one and you know that
I hold it down 'cause I own that
Too much history, we go way back
It's so personal and we got that Her fragrance turns me on
Her skin's so soft, oh
I just wanna hold you (I just wanna hold you)
All night and day (all night and day)
And we got all the time, girl
So come a little closer
'Cause I just wanna hold you (I just wanna hold you)
All night and day (all night and day)
I'm thinking 'bout you all day, all night
I'm holding on tight
Baby I just can't let you go I get lost in ya love
I get wrapped in the words you say
I get lost in the love we make

I even fall hard for the games you play I get lost in ya love
I get wrapped in the words you say
I get lost in the love we make
I even fall hard for the games you play Run it back, run it back, run it back oh
This my favorite song
And shout out to the DJ
Cause he gon' play this record all night long (all night long) Her fragrance turns me on
Her skin's so soft, oh
I just wanna hold you (I just wanna hold you)
All night and day (all night and day)
And we got all the time, girl
So come a little closer, ooh
'Cause I just wanna hold you (I just wanna hold you)
All night and day (all night and day)
I'm thinking 'bout you all day, all night
I'm holding on tight
Baby I just can't let you go I get lost in ya love
I get wrapped in the words you say
I get lost in the love we make
I even fall hard for the games you play Lost in ya love
I get wrapped in the words you say
I get lost in the love we make
I even fall hard for the games you play Run it back, run it back, run it back oh
And shout out to the DJ
All night long
