

Don't Be a Hero

Rooney

Washed Away
By Rooney Everytime i look at you
I don't know what i should do
'Cause i don't speak the body language when I'm on the rescue I know when I'm coming over your heart
And after someone better
Looking around the good men that come
And you're knocking in any under [Pre-Chorus]
Corona, Tequila
A Little Marihuana
It's all i need to help me
Bahamas, Tijuana
Take me where you wanna go [Chorus]
But, Don't Be a Hero Tonight
Don't Be a Hero
Don't Be a Hero Tonight
You gotta let her go
No, Don't Be a Hero Tonight Everytime i try to speak
The last chance is calling me
Standing all alone and decomposing in the headlight
Another day i get it right
I saved you on another night
But I've got my hopes of that
This one's my moment [Pre-Chorus] [Chorus] Yesterday's fool won't live to fight
Don't be a hero another night [4x]
(Don't be a Hero tonight) Don't be a Hero tonight
You gotta let her go
No, Don't Be a Hero Tonight Yesterday's fool won't live to fight
Don't be a hero another night [2x]
