What You Gonna Do? (Remastered 1997)

Manfred Mann

You know I love you, I treat you good, I try to do, everything I should
But you shouldn't lie an threaten me, when all of the town,
Know are coming days when I put you down
Tell me, tell me baby, what you gonna do, what you gonna do
Tell me baby, what you gonna doHow can you do it, treat me so bad,
Don't you understand you driving me mad
Now will come a day when I will leave you
And you know baby how that will grieve you
Tell me, tell me baby, what you gonna do
C'mon try to tell how will you do
you know it's true, I did my best
But the way you treat me, I get so depressed
you know baby, I'll take away myself
And then one day you'll need my help
Tell me, tell me baby, what you gonna do
What you gonna do
